ABOUT

Tambourine Innovation Ventures (TIV) is an economic development advisory and venture acceleration firm specializing in high-impact solutions and strategic growth initiatives. Our firm operates through two main practice areas: providing expert advisory services on cutting-edge topics; and fostering the creation and scaling of technology-driven ventures.

TIV leverages a blend of research, analytics, and evidence-based strategies to navigate change, shape the future, and address the most pressing economic, technological, and security challenges facing our nation. With a focus on economic and technological integration, we aim to bolster the continuously evolving business, political, and security frameworks that sustain national prosperity and stability. Our approach is characterized by agility and a collaborative ethos, ensuring that our partnerships with government agencies, private sector entities, universities, major donors, and venture funds generate a lasting, significant, and positive impact on societal and economic progress.

Why Choose TIV

- Academic rigor with practical relevance.
- Conceive, design, and deliver complex interdisciplinary programs.
- Ability to differentiate between information and noise by employing data-driven and evidence-based solutions
- Focused on meeting client goals efficiently within budget and compliance parameters while dynamically managing critical milestones.
- Driving innovative thinking and actionable solutions for complex challenges.
